Author/Title Index to Vol. 27

ABBOTT, RICHARD N. JR.
——— with K. Y. Wood: Pumpellyite and clinozoisite from the McKinney mine, Spruce Pine district, North Carolina **27**:289–290
ABSTRACTS OF NEW MINERAL DESCRIPTIONS (by J. A. Mandarino)
Abenakiite-(Ce) **27**:115–116
Alarsite **27**:201
Altisite **27**:301
Alumoklyuchevskite **27**:116
Artroeite **27**:116
Bechererite **27**:393
Brizziite **27**:201
Calcioburbankite **27**:301
Carlosruizite **27**201–202
Chengdeite **27**:202
Clinoatacamite **27**:463
Crawfordite **27**:202
Crerarite **27**:116
Dozyite **27**:301–302
Dzharkenite **27**:116–117
Effenbergerite **27**:117
Ershovite **27**:202
Fetiasite **27**:302
Fluorbritholite-(Ce) **27**:463
Fluor-ferro-leakeite **27**:393–394
Frankhawthorneite **27**:117
Fuenzalidaite **27**:202–203
Gaotaiite **27**:117
Gaultite **27**:203
Hanawalite **27**:463–464
Jankovićite **27**:302
Jensenite **27**:464
Kintoreite **27**:302–303
Kusachiite **27**:303
Lenaite **27**:464
Magnesiocoulsonite **27**:303
Magnesiodumortierite **27**:303
Makovickyite **27**:304
Mayingite **27**:117–118
Mcalpinite **27**:118
Mccrillisite **27**:118
Medenbachite **27**:464–465
Mereiterite **27**:304
Mikasaite **27**:203
Morimotoite **27**:304
Nchwaningite **27**:203–204
Nierite **27**:118–119
Noélbensonite **27**:465
Olkhonskite **27**:304
Orthowalpurgite **27**:465
Oulankaite **27**:465–466
Owensite **27**:119
Peterbaylissite **27**:119
Pingguite **27**:119
Reederite-(Y) **27**:304–305
Rim Korolgite **27**:305
Sabelliite **27**:305
Sazykinaite-(Y) **27**:204
Schwertmannite **27**:119–120
Selwynite **27**:120
Shannonite **27**:305–306
Shuangfengite **27**:120
Stalderite **27**:466
Strakhovite **27**:306
Studenitsite **27**:466
Takedaite **27**:306
Tungstibite **27**:394
Ungarettiite **27**:394
Vanadomalayaite **27**:120
Varennesite **27**:306
Vicanite-(Ce) **27**:394
Wupatkiite **27**:394–395
Wycheproofite **27**:204
Yuanfuliite **27**:204
Yuanjiangite **27**:395
Zdenekite **27**:395
Zlatogorite **27**:395
ADELAIDE MINE
Crocoite find [at the Adelaide mine, Dundas, Tasmania, Australia] (Letter) (by A. Kissling) **27**:67–68
AFGHANITE
Afghanite from Mount Vesuvius: a rediscovery (by G. C. Parodi, P. Ballirano & A. Maras) **27**:109–114
ALVA SILVER MINE
The Alva Silver mine, Silver Glen, Alva Scotland (by S. Moreton) **27**:405–414
ANTEQUERA-OLVERA OPHITE
Blue quartz from the Antequera-Olvera ophite, Málaga, Spain (by J. C. Romero Silva) **27**:99–103
ANTIMONY
Famous mineral localities: The Lac Nicolet antimony mine, South Ham, Québec (by G. W. Robinson & C. Normand) **27**:121–134
ARIZONA
Orthoserpierite from the Copper Creek district, Pinal County, Arizona (by D. Shannon) **27**:189–190
Calcioaravaipaite, a new mineral, and associated lead fluoride minerals from the Grand Reef mine, Graham County, Arizona (by A. R. Kampf & E. E. Foord) **27**:293–300
Bonanza [or Red Wulfenite] at the Red Cloud mine [Arizona] (by W. E. Wilson) **27**:347–354
The North Geronimo mine, La Paz County, Arizona (by W. E. Wilson & G. Godas) **27**:363–372
ATTRIDGE, ROBERT
——— with M. H. F. Mauthner, L. A. Groat & M. Raudsepp: Minerals of the Silvana mine, Sandon, British Columbia **27**:433–438
AUSTRALIA
Crocoite find [at the Adelaide mine, Dundas, Tasmania, Australia] (Letter) (by A. Kissling) **27**:67–68
Mimetite and wulfenite from the Kintore Opencut, Broken Hill, New South Wales, [Australia] (by P. Elliott) **27**:375–380
BALLIRANO, PAOLO
——— with G. C. Parodi & A. Maras: Afghanite from Mount Vesuvius: a rediscovery **27**:109–114
BARWOOD, HENRY L.
Cathodoluminescence in the study of rocks and minerals (Abstract) **27**:27
BEARSS, GENE T.
——— with L. C. Pitman: Monazite-(Ce) from the Buckwheat Dolomite at Franklin, New Jersey **27**:439–442
BEND, STEPHEN L.
The fluorescent characteristics of coal: a petrological, chemical and technical perspective (Abstract) **27**:26–27
BENITOITE
Luminescence mechanisms and activators in Terlingua-type calcite, and in benitoite and related silicate minerals (Abstract) (by G. A. Waychunas) **27**:24–25
BENTLEY, RONALD E.
Ronald E. Bentley (by W. E. Wilson) **27**:2–3
BILLIE MINE
The Billie mine, Death Valley, California (by C. D. Chandler) **27**:35–40
BIRD, REBECCA
Rebecca (Beckie) Bird (Obituary) (by J. Mediz) **27**:403
BODE, RAINER
——— with L. Nasdala & I. V. Pekov: Unusually shaped quartz aggregates from Tirniauz, Russia **27**:205–206, 223
BOOK REVIEWS
Mineralogy of Arizona (reviewed by T. C. Wallace) **27**:153–154
Minerals of South Africa (reviewed by W. E. Wilson) **27**:225
Mineralogy of Maine [vol. 1] (reviewed by W. E. Wilson) **27**:225–226
Franklin and Sterling Hill, New Jersey: The World's Most Magnificent Mineral Deposits (reviewed by W. E. Wilson) **27**:226
Minerals of New Mexico (reviewed by W. E. Wilson) **27**:309
Rocks from Space: Meteorites and Meteorite Hunters (reviewed by Q. Wight) **27**:309–310
A Collector's Guide to Rock, Mineral & Fossil Localities of Utah (reviewed by W. E. Wilson) **27**: 310
Eine Sammlung Erzählt (reviewed by W. E. Wilson) **27**:310
Val Vigezzo: i minerali delle albititi (reviewed by M. O'Donoghue) **27**:310
BOOKS
Johann Georg Lenz and his *Musternafein* (1794) (by W. E. Wilson) **27**:191–195
Regional mineralogies (Letter) (by L. Piszkiewicz) **27**:233
Regional mineralogies (Letter) (by O. Fritz) **27**:233
Regional mineralogies (Letter) (by M. Calvo), **27**:233, 238
BOSNIA AND HERCEGOVINA
The hyalophane occurrence at Zagradski Potok near Busovača, Bosnia and Hercegovina (by M. Žorž) **27**:325–346, 361
BOSTWICK, RICHARD C.
Uranium-activated fluorescence in minerals of the Franklin-Sterling Hill area, Sussex County, New Jersey (Abstract) **27**:26
BOULBY MINE
The Boulby mine, Cleveland, England (by D. I. Green & M. D. Freier) **27**:163–170
BRITISH COLUMBIA
The Engineer mine, Tagish Lake, British Columbia (by M. H. F. Mauthner, L. A. Groat & M. Raudsepp) **27**:263–273
Minerals of the Silvana mine, Sandon, British Columbia (by M. H. F. Mauthner, L. A. Groat, M. Raudsepp & R. Attridge) **27**:433–438
BROKEN HILL
Mimetite and wulfenite from the Kintore Opencut, Broken Hill, New South Wales, [Australia] (by P. Elliott) **27**:375–380
BUCKWHEAT DOLOMITE
Monazite-(Ce) from the Buckwheat Dolomite at Franklin, New Jersey (by L. C. Pitman & G. T. Bearss) **27**:439–442
BURMA
Vanadian dravite [formerly called "chrome-uvite," from Burma] (Letter) (by M. N. Feinglos) **27**:67
BURR, PETER S.
Famous mineral localities: The Higher Pitts mine, Mendip Hills, Somerset, England **27**:245–259
CAIRNCROSS, BRUCE
——— & S. Moir: Famous mineral localities: The Onganja district, Namibia **27**:85–97
CALCIOARAVAIPAITE
Calcioaravaipaite, a new mineral, and associated lead fluoride minerals from the Grand Reef mine, Graham County, Arizona (by A. R. Kampf & E. E. Foord) **27**:293–300
CALCITE
Single-color and multicolor fluorescence in calcite (Abstract) (by M. Robbins) **27**:23–24
Luminescence mechanisms and activators in Terlingua-type calcite, and in benitoite and related silicate minerals (Abstract) (by G. A. Waychunas) **27**:24–25
The influence of heating on the luminescence of calcite (Abstract) (by R. A. Mason) **27**:25
CALIFORNIA
The Billie mine, Death Valley, California (by C. D. Chandler) **27**:35–40
A world-class gold from the Colorado Quartz mine [Mariposa, California] (by W. E. Wilson) **27**:429–432
CATHODOLUMINESCENCE
Cathodoluminescence in the study of rocks and minerals (Abstract) (by H. L. Barwood) **27**:27
Activators for cathodoluminescence in minerals and gems (Abstract) (by A. N. Mariano) **27**:27–28
Cathodoluminescence of charoite and associated minerals (Abstract) (by B. Dutrow and D. J. Henry) **27**:28
CELESTINE
Occurrence of barian celestine at the Elmwood zinc deposit, Smith County, Tennessee (by M. Jensen) **27**:171–173
CHANDLER, CLARE DAVID
The Billie mine, Death Valley, California **27**:35–40
CHAPMAN, ALBERT H.
Albert H. Chapman (Obituary) (by W. E. Wilson) **27**:402
CHAROITE
Cathodoluminescence of charoite and associated minerals (Abstract) (by B. Dutrow and D. J. Henry) **27**:28
CHEREPON, ALAN A.
Fluorescent minerals of the Karnes uranium district, South Texas (Abstract) **27**:26
CLEMENS, WALLACE R. L.
Demonstration of mineral fluorescence excited by a 193-nm ArF excimer laser (Abstract) **27**:30
CLINOZOISITE
Pumpellyite and clinozoisite from the McKinney mine, Spruce Pine district, North Carolina (by K. Y. Wood & R. N. Abbot, Jr.) **27**:289–290
COAL
The fluorescent characteristics of coal; a petrological, chemical and technical perspective (Abstract) (by S. L. Bend) **27**:26–27
COBALT
The Kruisrivier cobalt mine, Transvaal, South Africa (by G. Reeks) **27**:417–428
COLORADO QUARTZ MINE
A world-class gold from the Colorado Quartz mine [Mariposa, California] (by W. E. Wilson) **27**:429–432
CONKLIN, LAWRENCE H.
The artistic eye (Mineral stories column) **27**:228
COOPER, MICHAEL P.
Munich Show 1995 (What's new in minerals) **27**:137–145
Swedish minerals and mineral shows 1995 (What's new in minerals) **27**:207–212
Ste-Marie-aux-Mines Show 1995 (What's new in minerals) **27**:212–213
COPPER CREEK
Orthoserpierite from the Copper Creek district, Pinal County, Arizona (by D. Shannon) **27**:189–190
CROCOITE
Crocoite find [at the Adelaide mine, Dundas, Tasmania, Australia] (Letter) (by A. Kissling) **27**:67–68
CURETON, FORREST
New paradocrasite occurrences [Letter] **27**:70–71
DEL CHIARO, LORENZO
——— with P. Orlandi & R. Pagano: Minerals of the Seravezza Marble, Tuscany, Italy **27**:47–58
DESERT INN
The Desert Inn (Obituary) (by W. E. Wilson) **27**:403
DRAVITE
Vanadian dravite [formerly called "chrome-uvite," from Burma] (Letter) (by M. N. Feinglos) **27**:67
